

Richard (Rick) Camilleri – BIO

Was President of Sony Music in Canada for 8 years (1993-2000), starting at age 32 and President/COO of Canwest Media for 3 years (2002-2005), creating over a billion dollars in value in each 'run'. Also have been part of 3 startups during the rest of my career, currently partnered with Blackrock Capital in New York, building out 3 companies in Financial Services, Health Care and Analytics and no doubt another billion dollars in value is about to be created.
